

A SELECTION OF THE VERY BEST TEXTILES

FURNITURE & CUSHIONS

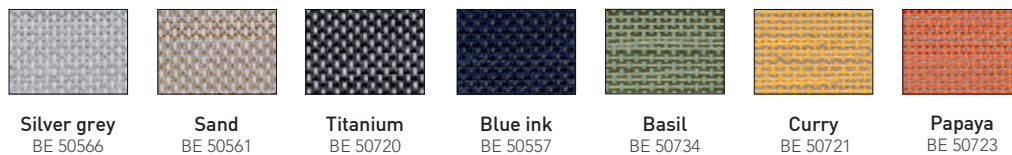

BATYLINE® ISO FABRIC FOR FURNITURE

Batylne® is a hypoallergenic, tearproof and extremely strong thread. It stays taut and will never sag. Its weaves are ultra-regular, light and flexible. Always comfortable, and always fresh, even in summer.

BATYLINE® EDEN FABRIC FOR FURNITURE AND CUSHIONS

When the technical quality of Batylne® meet the softness of the fabric you get an unmatched seating comfort and a very pleasant silky feel. Its double weave of coated and synthetic threads gives a high-quality finish to the Vlaemynck furniture.

PARASOLS & CUSHIONS

100% ACRYLIC SOLUTION-DYED FABRIC FOR CUSHIONS AND PARASOLS

Our outdoor fabrics are 100% acrylic and machine-washable, combining reliability, durability, comfort and ease of maintenance. They are designed for the outdoors, solution-dyed, and offer a unique UV and bad weather conditions resistance. A fluorocarbon treatment (which prevents the absorption of liquids) prevents stains or grease from penetrating the fabrics.
